CRACKED GUIDE TO CUSTOMIZED SKATEBOARDS

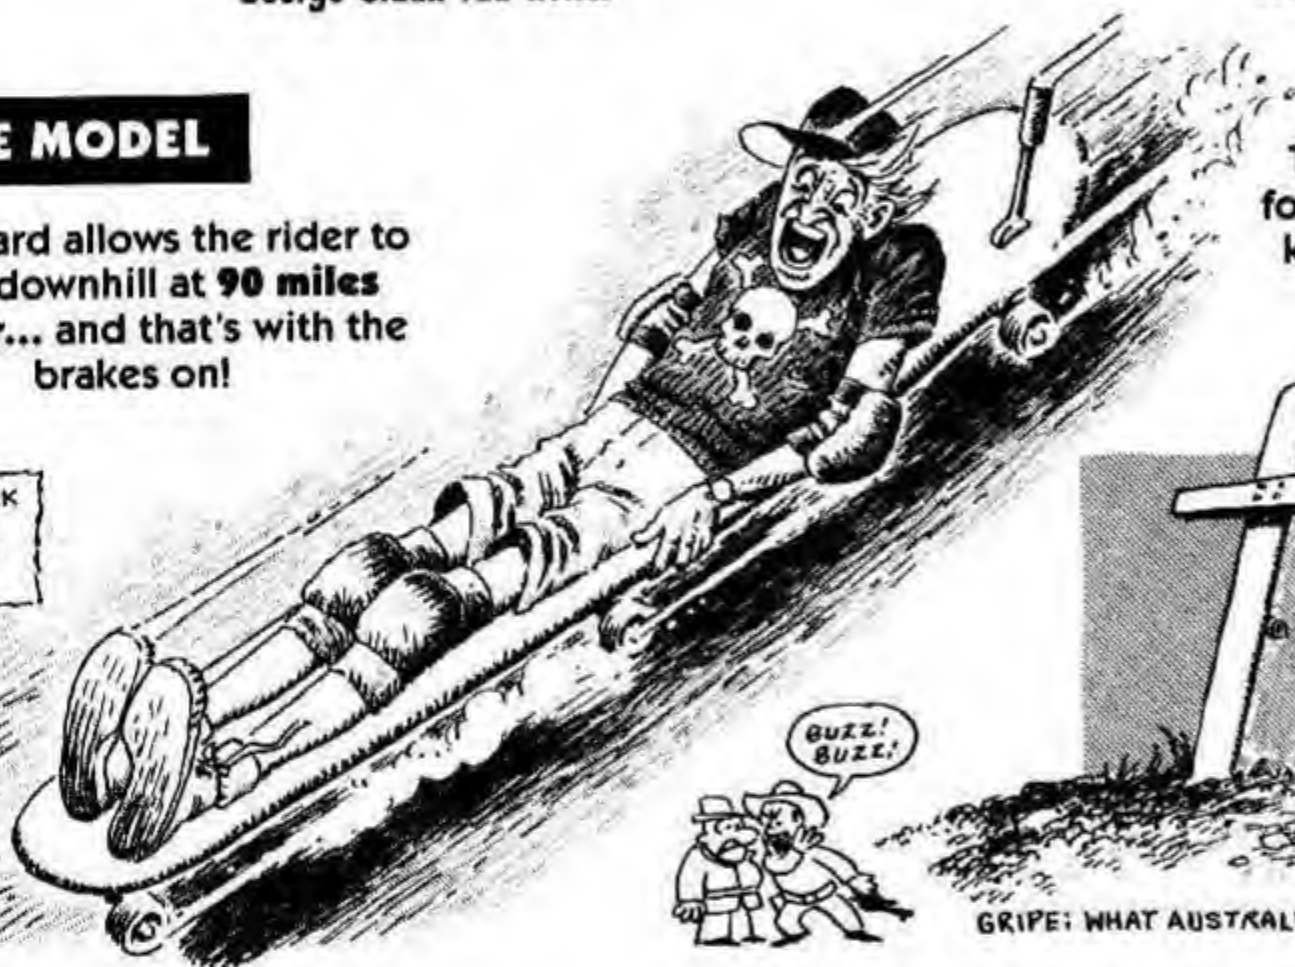

George Gladir rad writer

John Severin art thrasher

LUGE MODEL

This board allows the rider to skate downhill at **90 miles an hour...** and that's with the brakes on!

BRING BACK
THE
BUFFALO
NICKEL

The model comes with a two by four plank that enables the next of kin to turn the skateboard into a shredding grave marker!

Alas, poor rad
Yorick... We knew him
well!

GRIPE: WHAT AUSTRALIANS USE TO MAKE WINE!

NO FRILL MODEL

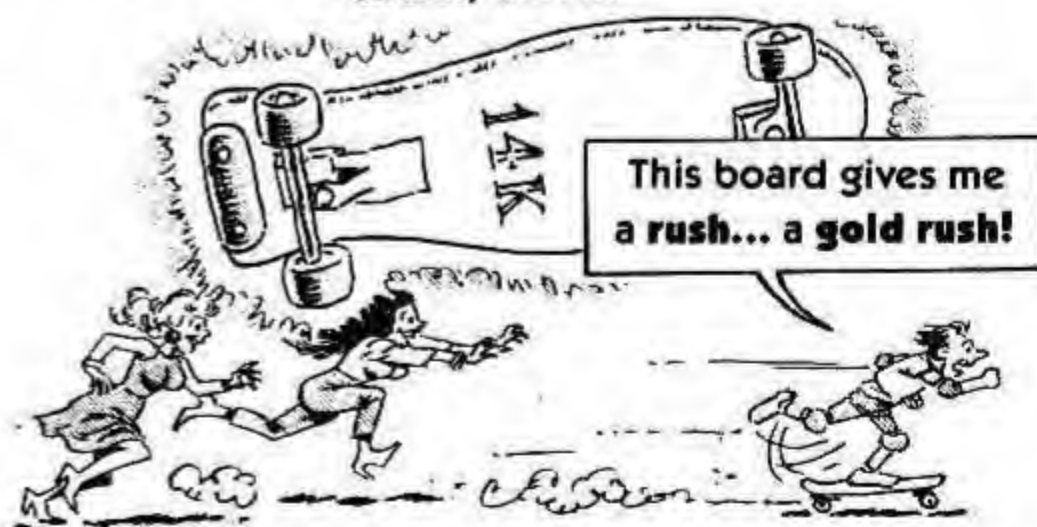

Just screw trucks and wheels into the calluses of your foot and you're ready to go!

Since skaters will not be using a board, they'll be able to ignore all **No Skateboarding** signs!

THE BEVERLY HILLS MODEL

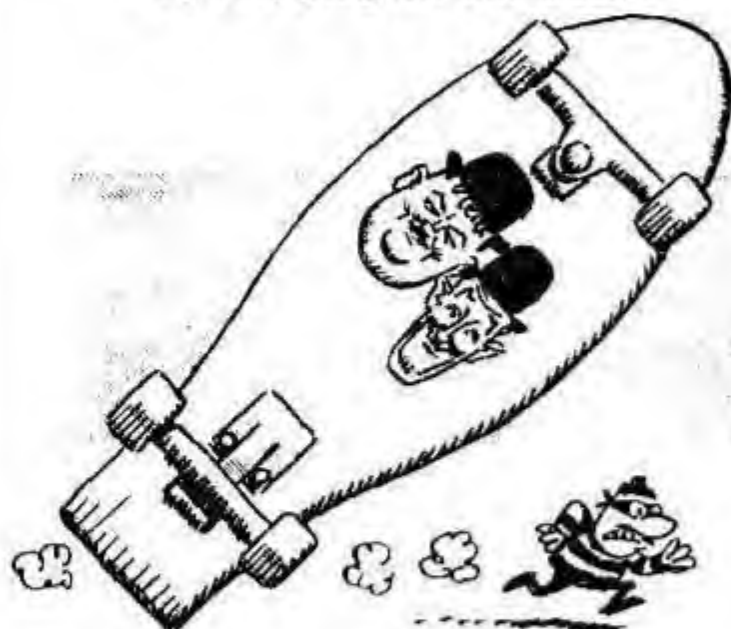

Even if you can't shred a lick, this **solid gold board** will allow you to move in circles... the better circles, that is!

WARNING: This status-symbol deck will attract more older-type groupies than an Elvis look-alike!

STUNTS-MADE-EASY MODEL

Rank posers can do an astonishing **Ollie** (or **Stan**) just by **stepping** on this deck.

Super-patriotic thrashers may substitute a picture of **Ollie North**.

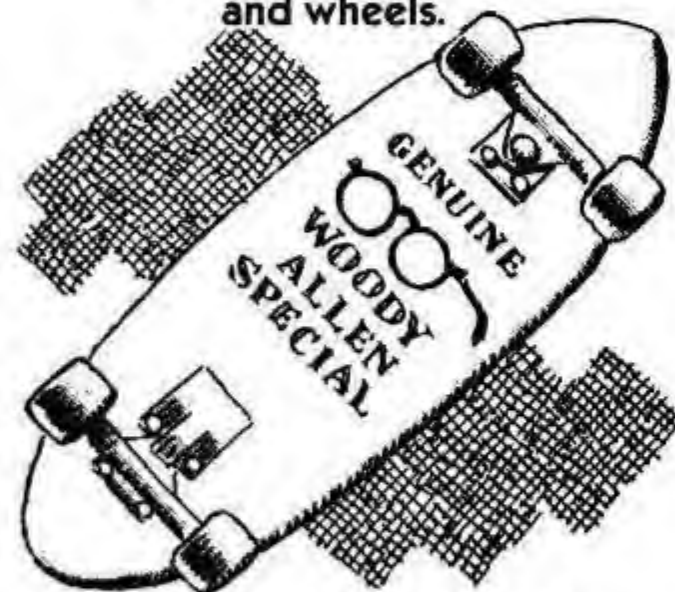

LONG JOHN SILVER MODEL

Designed for peg-legged skateboarders and doughnut hole lovers.

THE ALLWOOD MODEL

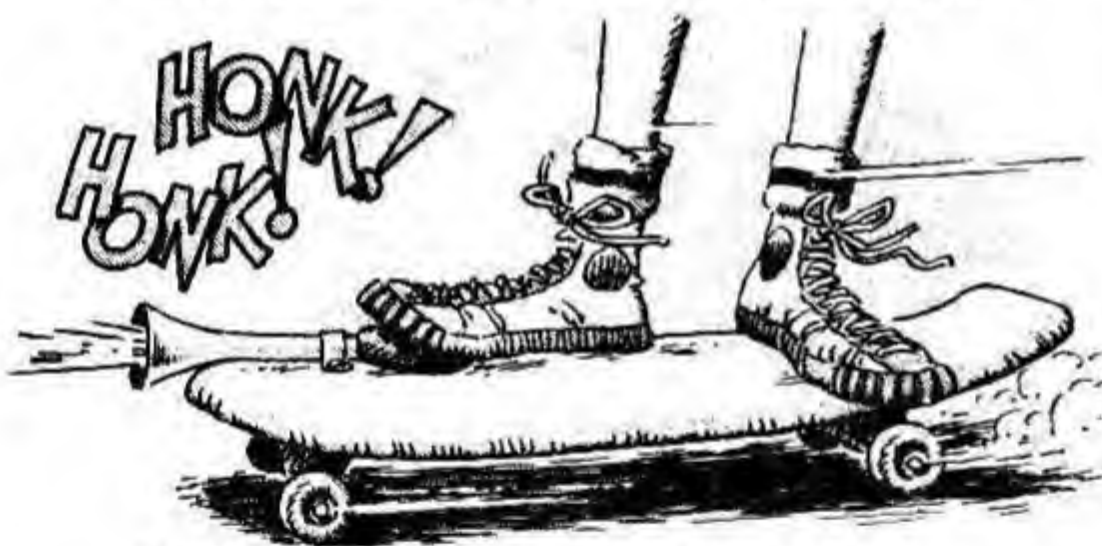

Designed for ecology minded shredders who insist on biodegradable board and wheels.

Owners can take comfort in knowing they are also providing shelter and sustenance for homeless termites!

THE BRAGGART MODEL

This jobby allows the skater to blow his own horn!

The horn can also be used to warn dumb pedestrians who think the sidewalk belongs to them!

THE INVISIBLE MODEL

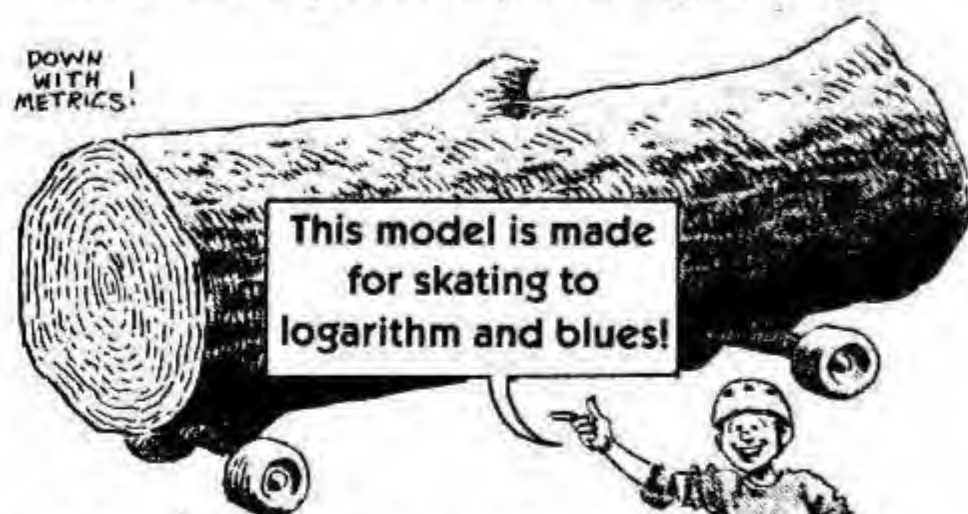

Ideal for skating in **No Skateboarding** areas and for adults too self-conscious about being seen thrashing.

Note: The manufacturer does **not** accept invisible money!

THE LUMBERJACK MODEL

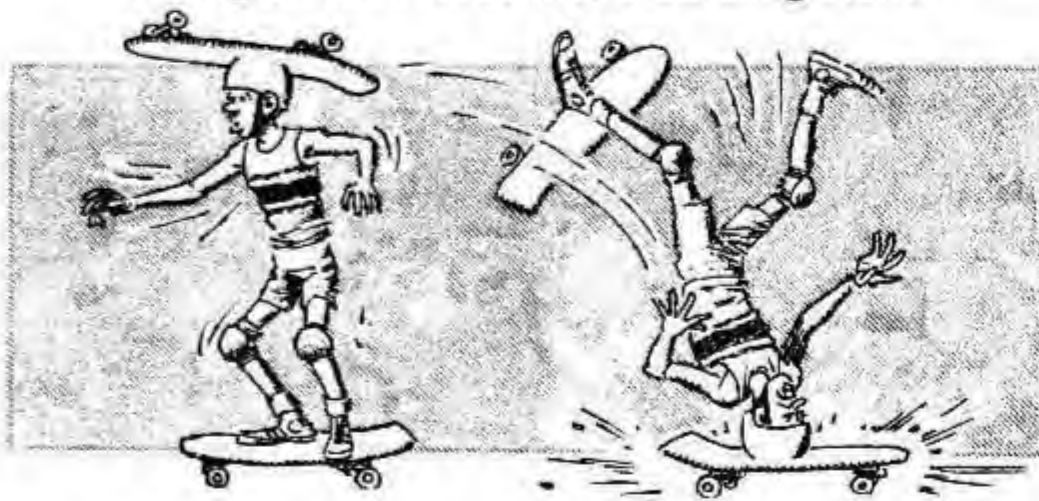

This deck proves the old saying that skateboarding is as easy as falling off a log!

CAUTION: During the winter do not park this board near a fireplace!

THE BOARD ATTACHED TO A HELMET MODEL

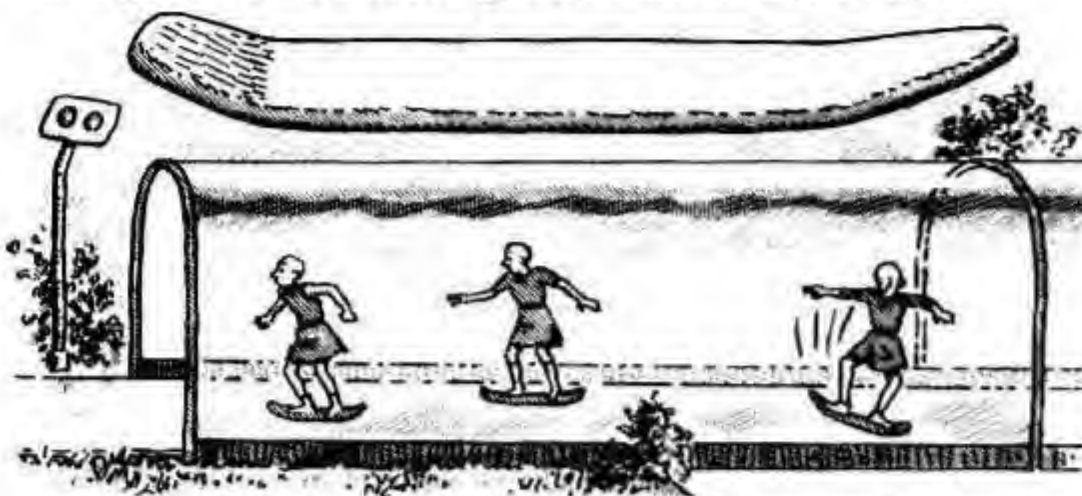

Designed for klutzy skateboarders who want to turn falling on their head into a dazzling stunt!

Also suitable for romantic skaters who are prone to fall head over heels in love!

FUTURISTIC NO WHEELS MODEL

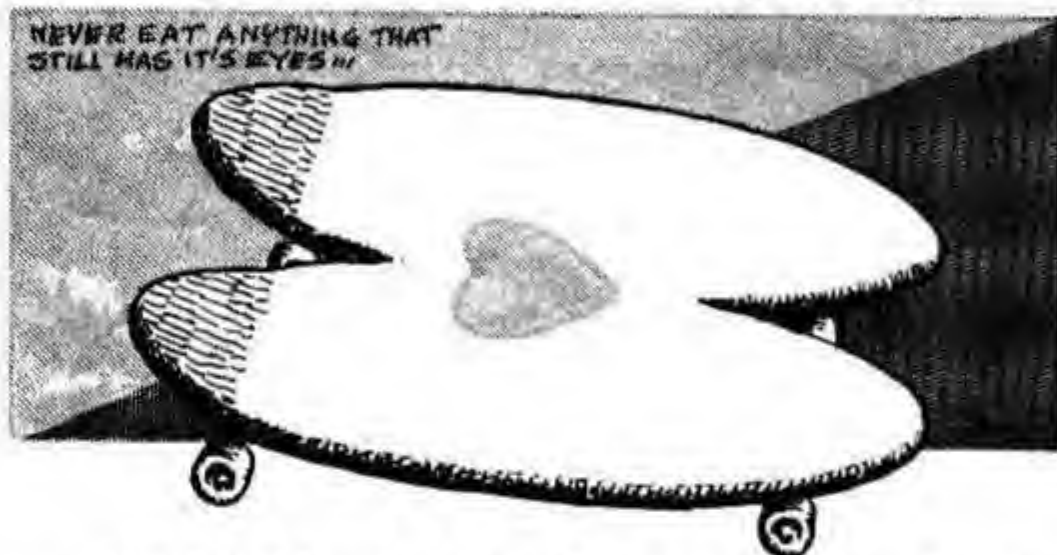

This model doesn't need wheels because it's designed for the moving sidewalks of 2090 A.D.

In the meantime, it can be used as a beverage tray or a surfboard for midgets!

THE SIAMESE TWIN MODEL

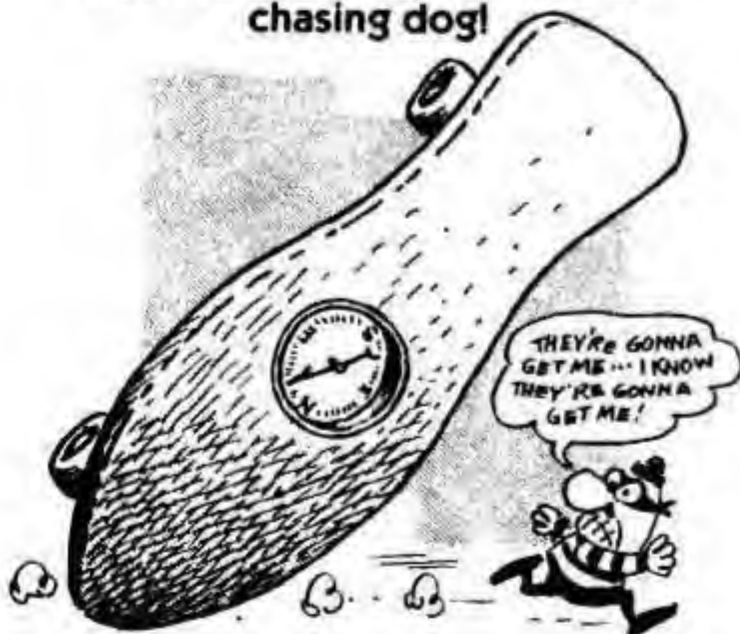

Designed for skateboarders who go steady!

....Also ideal for skateboarding twins who are hired to do a Doublemint gum commercial!

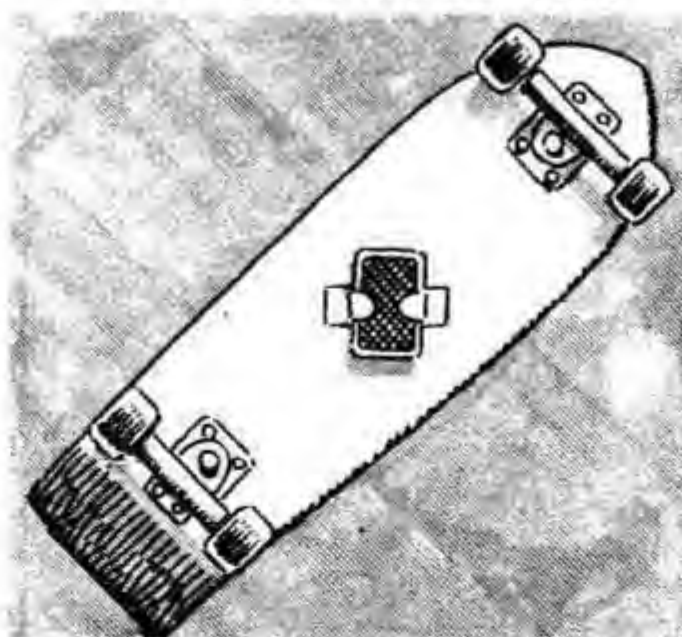

SAFETY FIRST MODEL

Comes equipped with a compass that points to the nearest unleashed wild skate-chasing dog!

FAST SHUFFLE MODEL

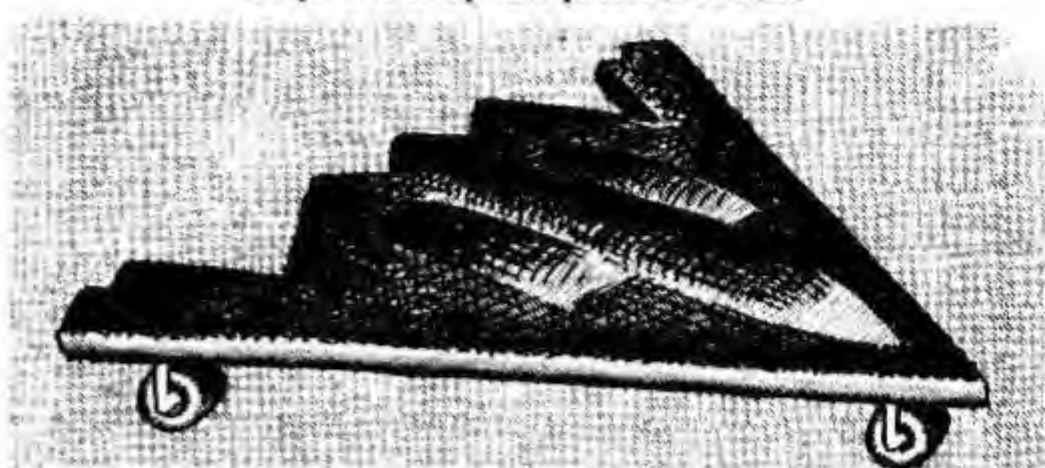

Deck of cards is attached to underside of board for thrashers who like to wheel and deal!

This deck does not include a joker 'cause there's one already riding on board!

B-2 STEALTH MODEL

The fantastic design guarantees this model won't be picked up on police radar!

The fantastic cost overrun guarantees this model won't be nabbed by anyone whose Dad isn't as rich as billionaire Donald Trump!

CHINESE SKATEBOARD

Pick one deck from Column A, one set of trucks from Column B and one set of wheels from Column C

COLUMN A

COLUMN B

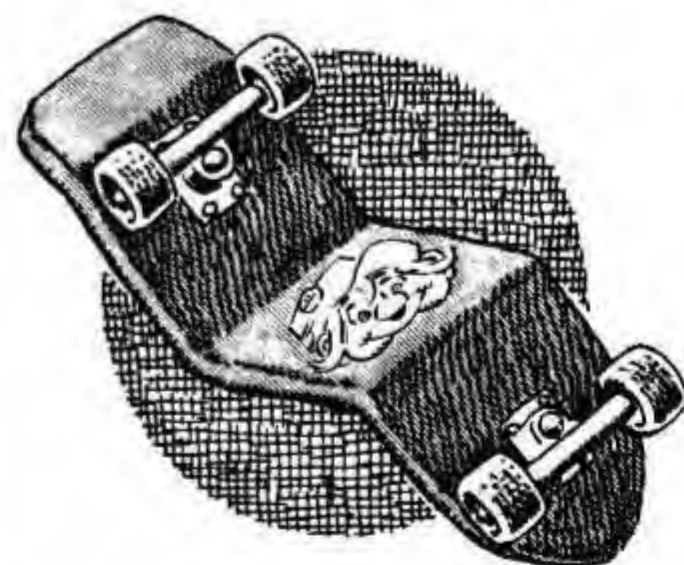

COLUMN C

This model also comes with a bulletproof vest for student skateboarders attending Beijing University or ollieing the Great Wall!

CRACKED MODEL

Board goes 'round in circles... Just like CRACKED's readers!

CAUTION: Owners have been known to fracture their funny bones!

THE END

A few years ago there was a smash movie about two wild and crazy cops. This summer they returned in a sequel and in this issue we're giving you a REAL bargain... parodies of BOTH pictures for the price of ONE! Join us as we present a CRACKED Double Feature starring those two ba-a-a-ad buddy cops who are SO violent they ought to be classified as...

ILL-LEGAL WEAPONS

written by VIC BIANCO are by WALTER GIBSON BROGAN

I'm gonna jump!

Look man! If you feel like dying, hang around Sgt. Piggs here!

I nailed Piggs!

Those bullets hit me, but I'm okay!

Your vest saved your life!

No it was the CRACKED COLLECTORS' EDITION* and look what they did to it! I'm gonna bury those suckers for this!

*This subliminal plug brought to you by CRACKED COLLECTORS' EDITION #81, now on sale.

We have your daughter! If you want her back, meet me at sunrise at the dry lake!

Don't worry! We'll get her back. They think I'm dead. That'll give us an edge!

Man! I love these odds!

Let my daughter go! This is a live grenade!

You're bluffing! You wouldn't commit suicide!

Wouldn't I? Remember, I'm Piggs' partner!

What do you know about our drug operation?

He doesn't know anything... Nobody can stand that much pain!

Hey, man! Don't stop now! I'm just starting to enjoy myself!

Hey! I told you not to stop!

C'mon! Let's get outta here!

Don't shoot the General!

What? Are you getting soft?

Okay, albino-butt, before I take you in, we're going to do a little one-on-one!

Advise him of his rights, Piggs!

You have the right to remain silent...

Anything you say can and will be used against you...

Hey... I forgot what comes next!

Uh-oh! That means some smart-ass lawyer will get him off! We have no choice... Let's waste him!

Piggs, I really learned something working with you... If you're gonna be a cop, it pays to be nuts!

Oh no! Now I have two basket cases on my hands!

And now, the continuing parody...

ILL-LEGAL WEAPONS 2

I can't believe this rampant destruction! Where are the cops when you need 'em?

Don't look now, but these are the cops! And look what they did to my hydrant!

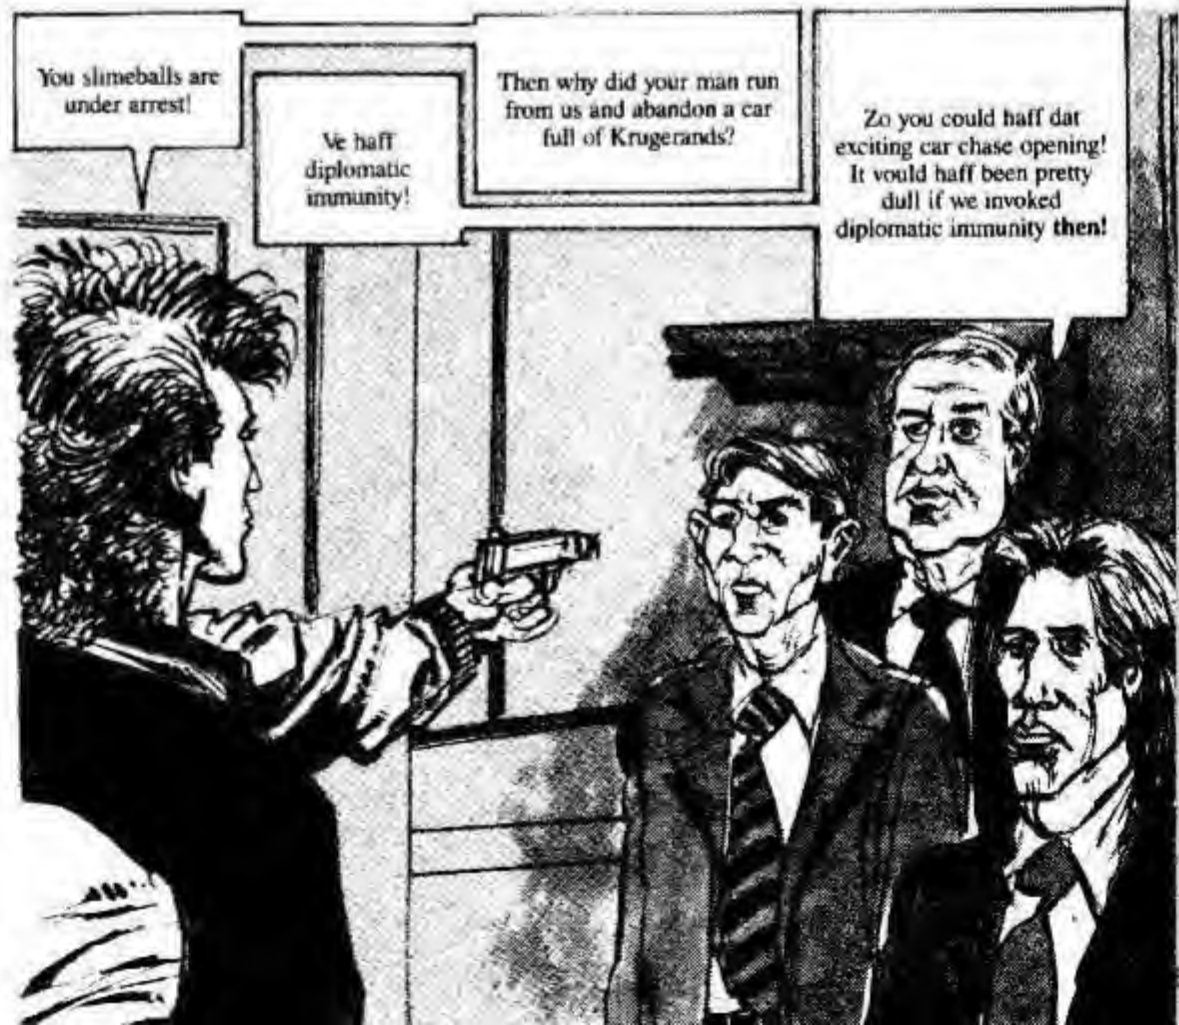

What did this earthquake register on the Richter scale?

I'm moving back to New York where you only have to worry about asbestos explosions and racial attacks!

What a country! The cops are crazier than crooks! I think I'll go back to Russia!

My wife is gonna murder me! This is her new car!

Man, this is frustrating! I gotta shoot something! Do fish have diplomatic immunity, too?

Stop! You're killing my pet piranhas! I'll get you for dis!

CRASH!

Dodger, when you didn't answer the phone, I got worried! What are you doing, reading the Sunday Times?

Piggs, this toilet is booby-trapped!

Where's your family?

Nature called, so they all went to the neighbor's house!

I'd like to sit and talk, but I've got a date with that South African Eva Braun!

BOOM!

I know partners do everything together, but this is carrying that buddy stuff too far!

This sure beats watching Lassie!

Piggs, you're fantastic! I hear bombs going off and rockets exploding!

I'd like to take credit for the fireworks, but that stuff is for real!

BAM!!

BAM POW

BAM

POW

Did you creeps think a strait jacket would hold me? I've been getting out of them for years! Sometimes it pays to be crazy!

Roger, I'm gonna complain to da union! He's stealin' our 'toon schtick!

Yeah! Next thing you know he'll be chasin' cartoon mice!

Oy vey!

BONG!!

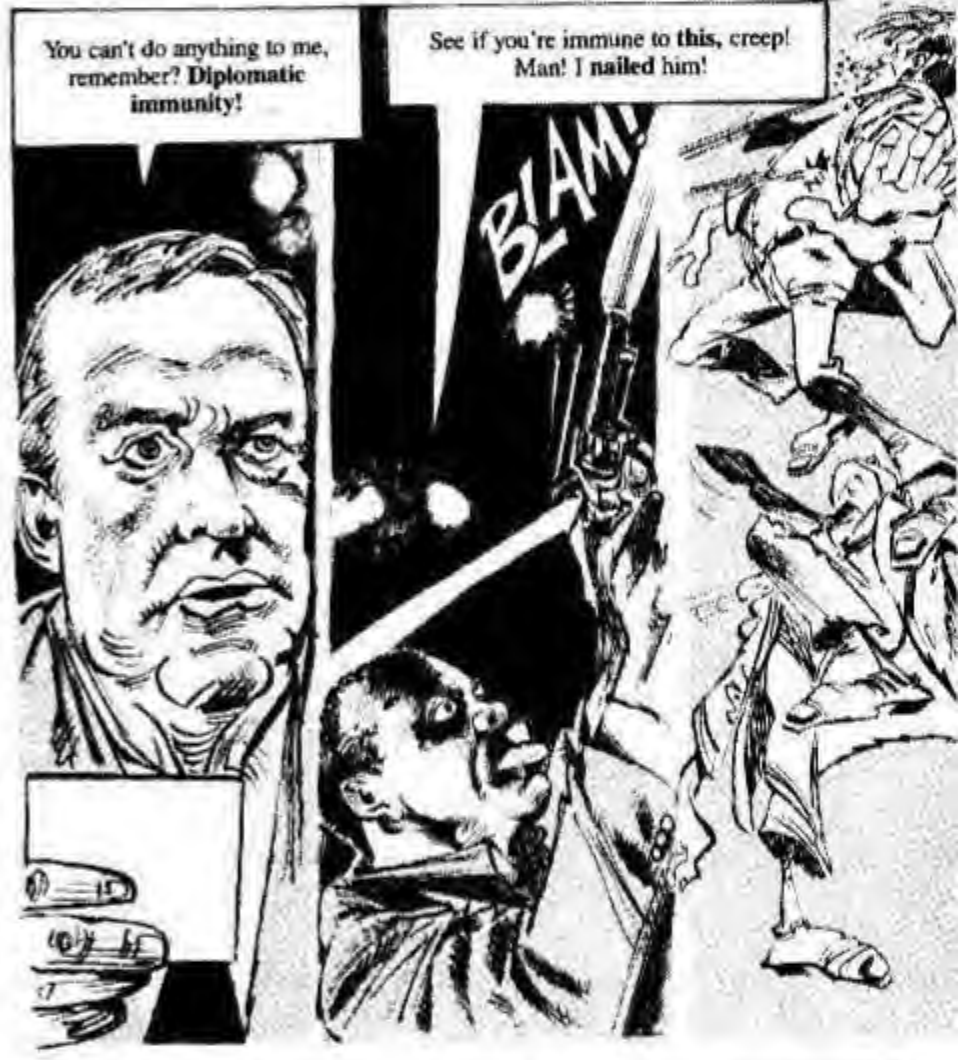

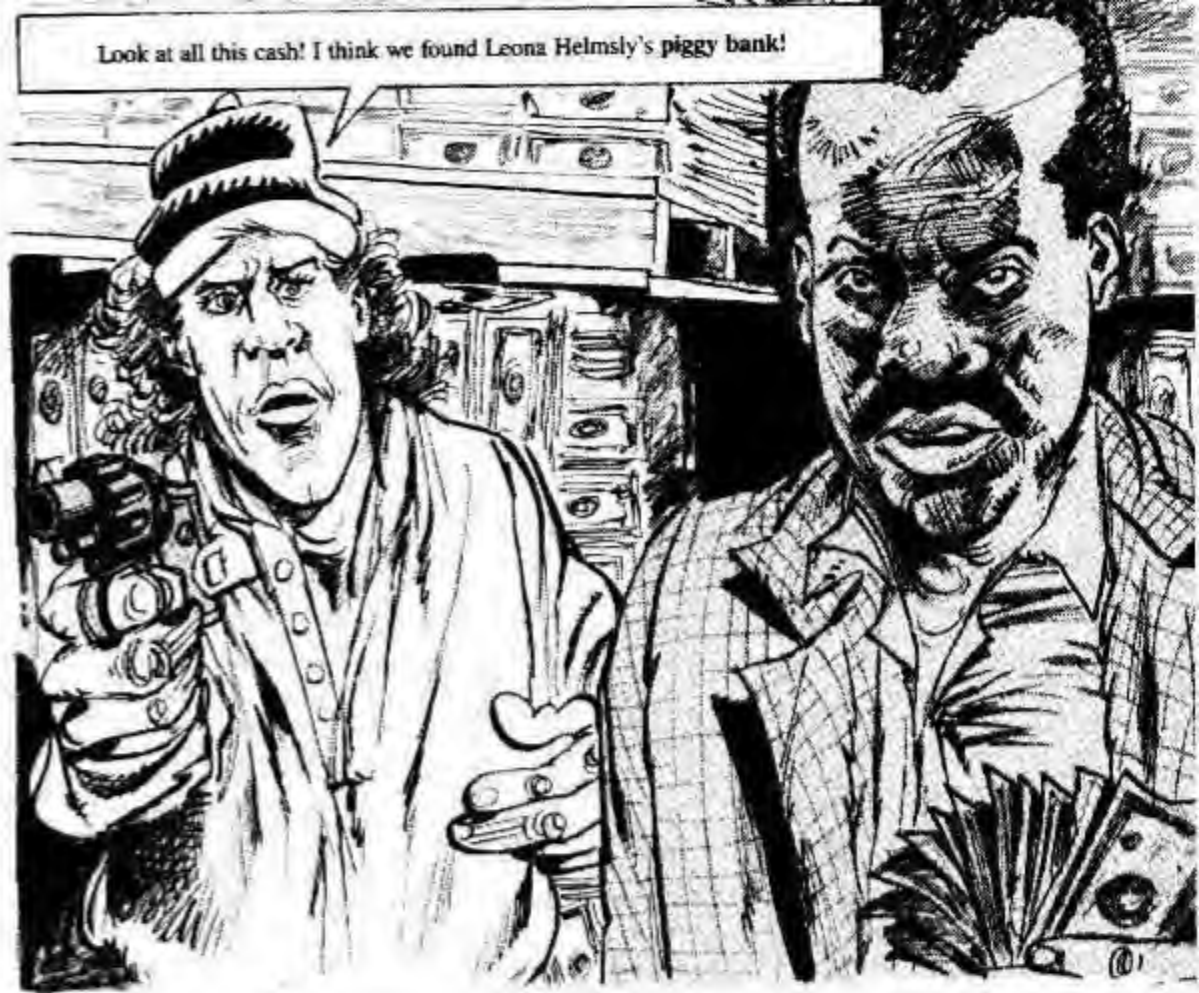

Piggs, they've captured B.O.

We'll get him back, 'cause I'm gonna kill every one of those mutants!

How do you figure on getting them out of that house?

I'll huff and I'll puff and I'll blow their house down!

Hey, a piece of cake... It's a wooden house!

UNKNOWN FACTS

ABOUT

The California Raisins

written & drawn by RURIK TYLER

For a regrettable moment in vineyard history, raisins took to ironing the wrinkles out of their skins to look more like their grape counterparts. This was known as "passing". Passing became popular and created a booming industry!

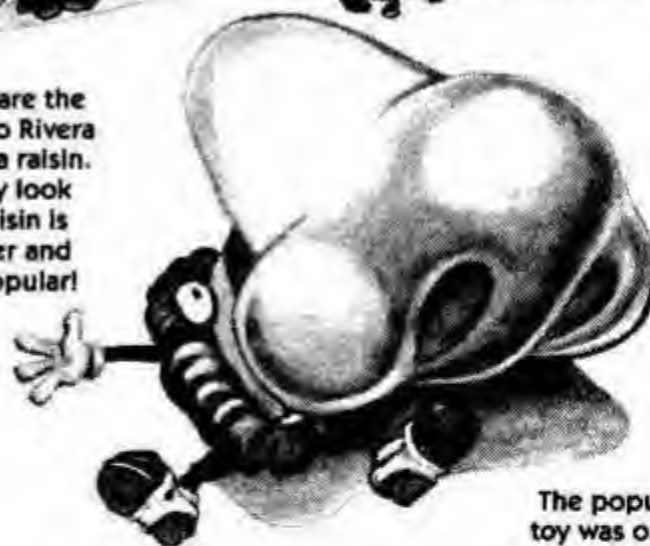

Too bad a booming industry is just what it became! One day there was a huge industrial explosion and the whole work force was ironed flat!

A terrible tragedy... But on the bright side, it did herald the invention of the fruit roll up!

Here we compare the brain of Geraldo Rivera with a California raisin. Although they look similar, the raisin is bigger, smarter and much more popular!

The popular Mr. Potato Head toy was originally supposed to be Mr. Raisin Head, but the pieces were accidentally molded too big!

We would like to remind you that imitation is the sincerest form of flattery and that any hot trend sparks a rash of flatterers! And what has the popularity of raisins wrought?? **HIP FOOD WANNABES!** Here are a few...

PLUM D.M.C.

TALKING HEADS OF LETTUCE

THE PEACH BOYS

Quite an unknown fact is that for eight years the leader of the free world was a soul-singing, hand jiving purple fruit! We might've believed it of Ron, Jr., but the Gipper?! Well, it's true: **Ronald Raisin** has decided the Oval office is for squares and he's joining the line! Still don't believe it? Why do you think he retired to **California**?

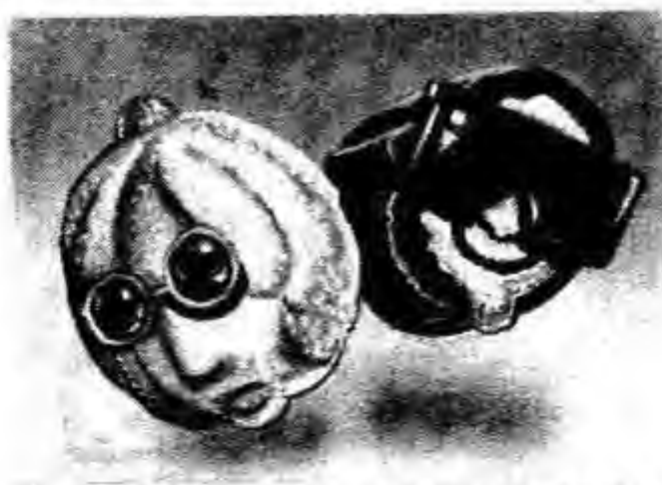

Also unknown to most of America is that even vineyard society must deal with the criminal element. Just as we humans must be on the lookout for the mob, raisins have to fear the **Bumbers**. Here we see an unfortunate raisin about to take a dive. Poor fellow... He's really in a jam! Or at least, he is about to be!

When raisins pass on, they are neither buried nor cremated. They are instead dipped in the finest milk chocolate and interred, several at a time, in bright festive candy-coated containers. As extravagant as this practice seems, it is fairly commonplace. The ritual is also observed by peanuts and certain ant and grasshopper clans!

WALT DIZZY
PELANTS
HONEY, I
SHRUNK
THE BRATS

In the halcyon days of the movies, it was typical for a cartoon short to precede the main picture. This provided both children and adults with wholesome entertainment! Recently, the geniuses in Hollyweird have resurrected this formula in an attempt to prove that G rated movies can still entertain an '80s audience. Unfortunately, they forgot one thing... quality! But, that's okay, so will we as we proceed with our own version of...

HONEY, I STUNK THE KIDS!

Charles E. Hall writer

Walt Disney Brogan artist

Yeah, like, Mom spent the night at Gran'ma's... She said Dad was a loser midget geek egghead and she could do better... So you wanna go to the mall?

Look, Dad! My invention's just like yours!

Go away! You remind me of myself... and I hate myself!

I've got to get this stinkin' shrinker to work!

Well, at least I found a new way to make worm and apple pate'!

Hi honey! Thanks for calling! I hope your big real estate deal goes well!

And so, by eliminating the empty space between molecules, we can shrink any object we want to!

Yeah! If we eliminated that empty space in your head, there'd be no place to put your face!

That would be an improvement!

It's bound to go a heck of a lot better than your bizarre shrinking concept! Somebody has to put food on the table! Goodbye!

What do you mean you quit the football team? I was as short as you when I was eight!

But Dad, I'm fifteen!

Everyone on the team thinks I'm a clod!

But you're a straight A student!

No, they think I'm a clod of dirt... They walk all over me!

So long, Dad! I'm going to send a fly ball straight through the Shrinkinski's attic window!

Now why can't you be more like your brother?!

My brother has something to tell you...

Yeah! Your house jumped in front of my baseball!

Omigosh! We're shrinking! We're shrinking!

Oh, shut up with the small talk!

Omigosh! We're shrinking! We're shrinking!

We're almost as short as our audience's attention span!

Jeeppers! Dad's machine works! We're only a quarter-inch tall!

There goes my basketball career!

I've got it worse! Now I'll never get to the mall!

Your Dad doesn't see us! He's smashing the machine!

I'm afraid he does see us and is smashing the machine!

Is your Dad deaf or just stupid? Can't he hear us yell?

You just better hope he doesn't "cut one"!

You could always go to a mini-mall!

Yipes! Now he's sweeping us up and throwing us out with the trash!

That's **one** way to cope with adolescents!

We're screwed now!

You better watch out or you'll really be screwed!

These Hefty bags aren't really so tough!

Well, garbage doesn't usually try to cut itself out!

Speak for yourself!

Whewee! This is better than the Aquaslide amusement park!

Yeah, but the admission price is kinda steep!

I've heard of being grounded by your parents, but this is too much!

I didn't know you had a river in your back yard!

Dummy! We're so small, a dog puddle would look like the Mississippi River!

I didn't know you had a big smelly mountain in your backyard!

Dummy... er, never mind!

I calculate, that given our present size, it is now **three miles** to our house.

Never mind that! Can you calculate how far to the mall?

Forget it! Even Barbie clothes won't fit you now!

I'm gonna go to the toy store and get me a new Corvette!

Hey! This flower is full of Sugar Pops!

Watch out! I think it's the bee's breakfast!

It could be worse!
We could be
on a DC-10!

A fine time for you two to be
flying off on a joy ride!

Yeah! I've heard of
catching a buzz before, but
this is ridiculous!

HELP!

Honey, I've got some good
news and some bad news...
The good news is my
invention works!

What's the
bad news?

Our kids now make the California Raisins
look like the Jolly Green Giant!

I feel like the Death Star
in Star Wars!

Well, you look more like a
blimp with a bad leak!

Can you believe that this is the best
way to search for the kids?

No, but I can believe that this is the best
sight gag the writers can come up with!

Mmmm... This
green icing is
delicious!

Gee... This cookie
didn't have green icing
on it when I dropped it
a month ago!

How can we be riding an ant? Ants are
carnivorous, robot-like creatures that
would tear us limb from limb!

This one must be
anty-social!

I thought you were
too popular to kiss
me!

I am, but you're the only
quarter inch teenage boy
around!

So I'll take it any way I can get it!

(sob) That brave little ant saved us from the scorpion!

That's what I call an anty-hero!

The battle was an anty-climax!

(boo hoo) I'll never step on another ant again (until I get big)!

Yaaaah! We've been sucked up and spat out by the lawn mower! How come we didn't get hacked to bits?

What do you think this is Friday the 13th? With a cutesy plot like this, we need a G rating!

The smelly ol' dog is saving us!

I've got news for you... It's not the dog that smells!

Oh no! Knack has fallen into your Dad's Cherri-os!

Don't eat him! He's too high in cholesterol!

What is the vile odor coming from my cereal?! Is it rancid milk?! I think I'm gonna puke!

Dad, it's me! Don't puke on me Dad!

Omigoodness! It's Knack!

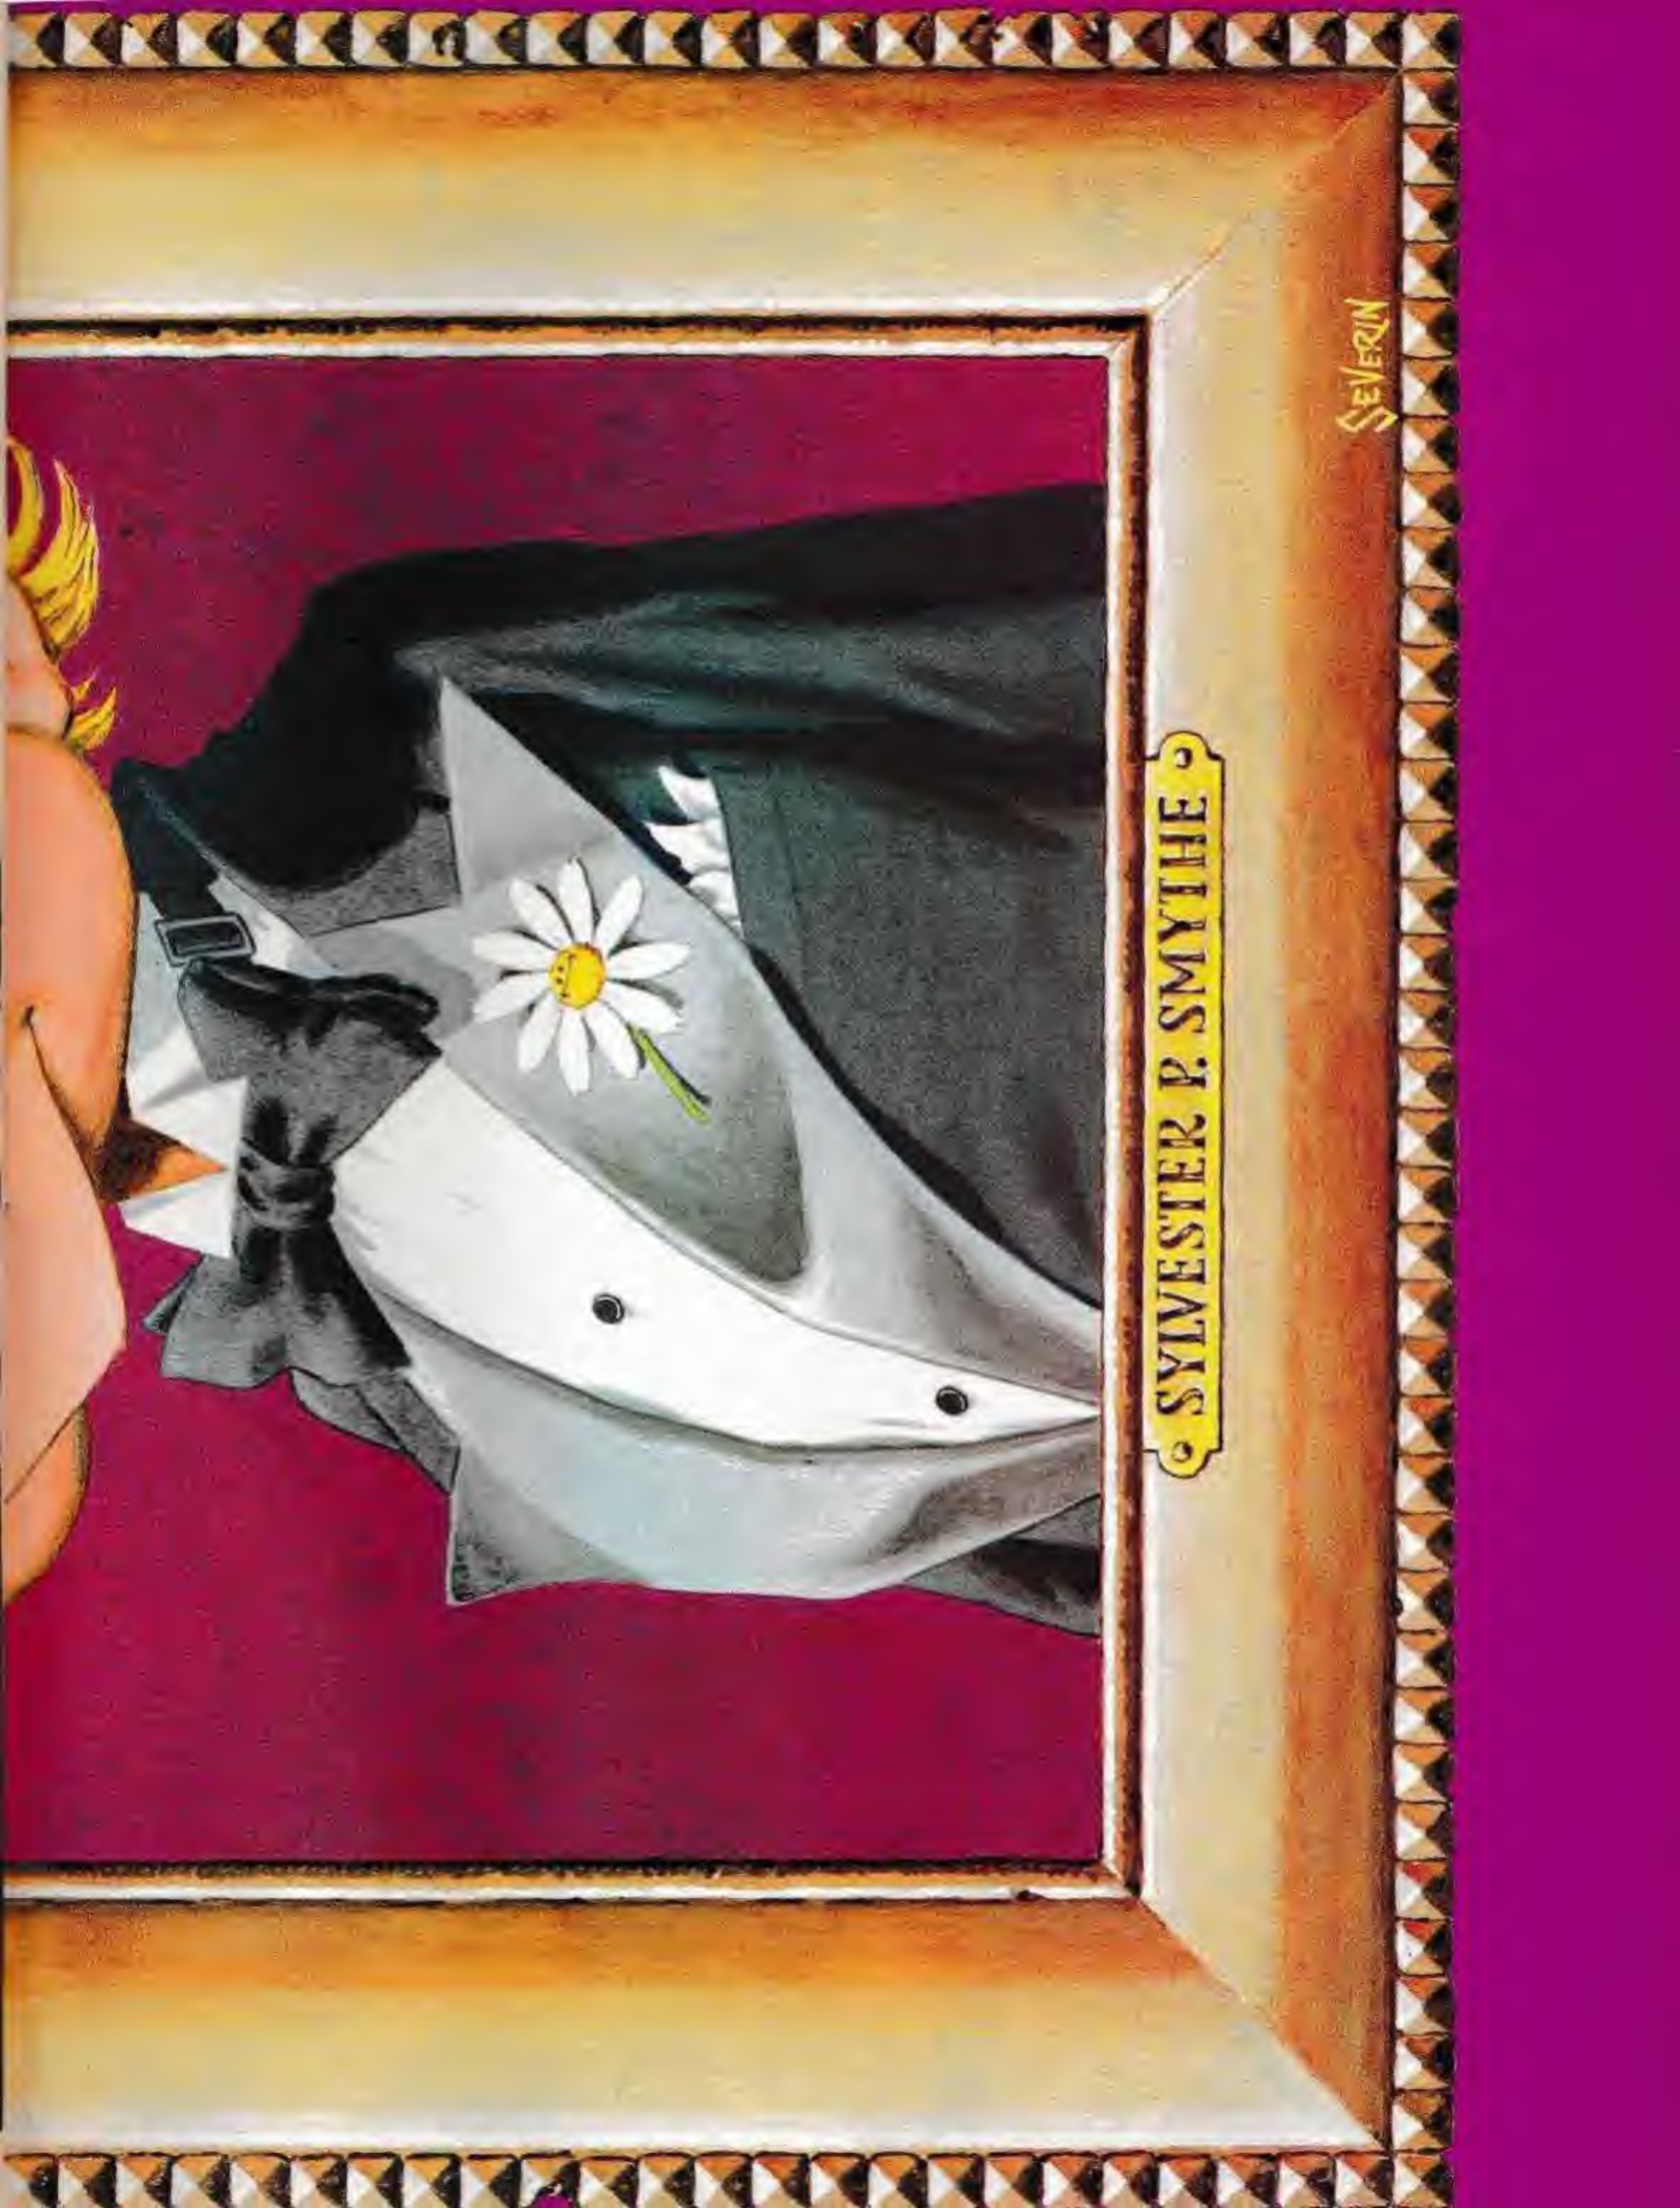

Isn't it great how this whole episode brought our families together?

My Dad still hates your Dad, but he's scared to death of that machine!

Cheek or forehead?

BURP!
